DLC File #546-99

Tom:

Pursuant to your request, enclosed with this letter is a copy of the photographs that Rob Sulski took during the October 8, 1999 site inspection of the Egan Marine site. Photo 10 shows the fractured limestone at the surface of the site. It also shows runoff from the waste pile next to the fractures. If you have any questions, give Kendra or myself a call.

Sincerely,

Mark V. Gurnik
